Freelance Engineer

“Dwight is one of the fastest thinking EIC's I have worked with. No matter the problem Dwight was always cool and calm. He was a great guy to work with.

Top qualities: Expert, High Integrity, Creative

Joe Gerardi *CBS NEWS Satellite Operations NYC*

ReelzChannel

Engineer for Network Relocation

“Dwight was a key player in making possible the ambitious move of a national cable channel from Los Angeles to the Albuquerque Studios in a few short weeks. Dwight's pre-move planning was a key factor in being able to manage such an ambitious schedule.

Unlike other staff that would also be out of a job after the move Dwight continued with a positive let's get it done attitude. This attitude and effective work techniques allowed us to keep bringing Dwight back out to Albuquerque to work on the project.

I would not hesitate to use Dwight on future projects.

Ray Conover *Engineering Consultant for ReelzChannel” managed Dwight indirectly at ReelzChannel*

“Dwight is a bright, intelligent, energetic, and enthusiastic person. He was a vital resource in moving ReelzChannel from Los Angeles to Albuquerque. As a member of a small and focused team, the broadcast infrastructure was moved and rebuilt within schedule and for substantially less cost than anyone had planned on. He has continued to be a key resource at ReelzChannel, working in the studio and throughout the facility on key initiatives. He is able to accomplish all of this as he is (1) organized, (2) incredibly detailed oriented, (3) willing to work until the job is done, regardless of the hours it takes, (4) willing to be wherever the work takes him, and (5) takes the time to plan and think through whatever actions are needed to complete the job. As a result of Dwight's fine work,

I will continue to employ him on the many projects the ReelzChannel has planned for the future.”

Roger Eman, *Senior VP, CTO, ReelzChannel managed Dwight at ReelzChannel*

ReelzChannel **Studio Engineer**

“You won't find many engineers more committed or hard working than Dwight. The combination of experience and enthusiasm makes him a valuable member of any engineering team.” April 13, 2009

Chris Pulis, *Vice President, Production Operations, ReelzChannel* managed Dwight indirectly at ReelzChannel

“He has great attitude toward work, always plans ahead, and shows up early; he's always willing to stay late or work on weekends whenever the requirement arose.

Dwight's knowledge, energy and diligence make him a great engineer for any production teams. I highly recommend him.”

Alex Cheng, *Director of Engineering, ReelzChannel* managed Dwight at ReelzChannel

Flight 9 Satellite Services **Production Engineer**

“Dwight has a passion for the broadcast industry that is rarely seen. Over all a good guy and very dedicated to his craft.”

Jill Holloway, *Owner, Flight 9* managed Dwight indirectly at Flight 9 Satellite Services

“I had the pleasure of working with Dwight at Flight 9 Satellite in New York. He is one of the hardest working engineers that I have come across in my many years in the business. Dwight is someone that will get the job done and is truly a very knowledgeable professional.

John Curtis, *Associate Director of Engineering Television Broadcast, ESPN* worked directly with Dwight at Flight 9 Satellite Services

International Broadcast Consultants, Inc. **Systems Design Engineer**

“Dwight is an exceptionally dedicated Eng. and he is knowledgeable and is prompt and delivers on time. I would we would work with him again”

Top qualities: Great Results, Expert, Good Value

Irfan Merchant, *hired Dwight as a Design Engineer and hired Dwight more than once*

Telenium Mobile Video

Mobile Unit Engineer

“Dwight is a very dedicated engineer who will do anything and everything to get the job done for his clients. He has a tremendous work ethic that is greatly appreciated in the field of broadcasting. He was a huge asset to my productions.”

Top qualities: Great Results, Expert, On Time

Eric Singer, *hired Dwight as a Engineer and has hired Dwight more than once*

“Dwight has EIC'd on TV Trucks we hire and has always done a very good job, attentive to details, and client savvy.”

Top qualities: Great Results, Personable, Expert

Brian Powers, *hired Dwight as a Video Engineer and hired Dwight more than once*

“I've known and worked with Dwight for many years now, in his capacity as EIC for several companies. Dwight is extremely knowledgeable about anything to do with mobile production and is one of the hardest working individuals I know. Combine that with a heart of gold, and that pretty much sums him up.”

Jeffrey Kawalek, *A-I Audio Engineer, Audio Post Mixer, ProTools Editor, Sound Designer, Kawalabear Productions Inc. was with another company when working with Dwight at Telenium Mobile Video*

“I've had the pleasure to work with Dwight several times. His dedication to the job at hand is second to none. He works well under pressure (a definite attribute in the world of sports production) and knows how to get the job done. As an engineer, his knowledge base is unlimited and he can pretty much fix anything. Any piece of gear on his truck, Dwight knew it like he built it. I consider Dwight one of the best EIC's in the business.”

Top qualities: Great Results, Expert, On Time

Gary Shinn, *hired Dwight as a Engineer in Charge and hired Dwight more than once*

“Dwight was a MacGyver type Technician at TV engineering over many years working with him. **Top qualities:** Personable, Good Value, Creative

Chris Lincoln, *Flying Fish Productions”*
